## VOTES CHANGE IN TABULATION

### SIMPSON IS DISPLACED BY CRAIG

Small Margin Separates Two Men in Treasurer Race

DILLER ALSO GAINING

Low Vote Recorded by Democrats in Primary

Changes in the official count being made by the board of elections from the unofficial returns made Tuesday night may affect the final result in one or more races in the county, J. M. Madison chairman announced Wednesday.

One of the principal races affected is the battle between Walter W. Craig, and William Simpson, former Lima mail carrier for Republican nomination for county treasurer.

Simpson was leading for the office at 3 a. m. Wednesday on the basis of the running tabulation made at the board of elections. The vote then stood: Simpson 2,170; Craig, 1,939.

A check-up made when the board resumed sessions later in the morning disclosed that there may be a number of errors in the running count which will materially change the result. Revised figures on the race between Simpson and Craig, show the latter was leading at noon Wednesday by a count of 1,958 to 1,932, a lead of 26.

That a contest and recount may be made by either candidate is not improbable, supporters of both candidates declared Wednesday.

Simpson was gaining on the official count Wednesday noon. His vote was growing as the returns from the Lima precincts were revised. Craig was also losing slightly in precincts in the west end of the county, but was recouping his losses in other districts.

The loss of a few votes one way or another may materially change the line up for county commissioner on the Democratic ticket.

D. P. Diller, of Richmond, reported as having 1,700 votes on the unofficial returns early Wednesday, was gaining on the official count and may overtake Ora M. Green, of Lima, if the latter slips. Green however was holding his own and revised figures gave him 10 more votes at noon Wednesday, jumping him from 1,724 to 1,734.

Both Arnold and Nolan on the Democratic ticket suffered losses when their vote was checked over Wednesday.

BOTKIN GAINS  
Ernest M. Botkin, closed the gap between himself and Clarence H. Klingner by jumping from 1,499 to 1,519. Klingner slumped 22 votes from 1,810 to 1,788. He still has a safe margin however, and is in no danger of being passed out.

Revised figures in the Republican race for county commissioner, place John W. Thompson's vote at 2,652, a gain of 191. Zurnmehly who won second place on the ticket, dropped from 1,196 to 1,188.

Some other unimportant changes may be made in the official count for candidates for both parties.

Clarence C. Miller, Democrat, was from D. J. Baasinger, for the representative by a vote of 2,456 to 1,386. Clarence Fraunfelder was nominated for Democratic sheriff over Lloyd Shafer, 2,551 to 1,919. Charles L. Fess, for probate judge unopposed polled 3,500 votes. Votes for other Democratic unopposed were: Clarence L. Fess, clerk, 3,216; W. J. Ferguson, state, 3,011; Jacob Miller, treasurer, 3,105; Ed Smith, surveyor, 3,607; Dr. Frank Smith, 3,459.

OTHER NOMINEES  
On the Republican ticket the other nominees are Dr. A. S. Rudy, state senator; W. E. Baxter, state representative; Jesse Hamilton, probate court; Waldo Rose, clerk of courts; Glen Wallace, recorder; Dr. Charles Smith, coroner.

C. W. Long won from Archie Rogers 2,386 to 1,534. Sheriff Rossen, unopposed in his own party, polled the high vote, 3,746.

Less interest was manifested in the primary than in former years, tabulation of the vote shows. Approximately 900 fewer citizens voted the polls Tuesday than voted in the primary election in 1932.

Republicans showed a larger vote than two years ago, and the Democrats showed a loss of more than 2,000. Had it not been for

### WATER MAINS BROKEN IN JAPAN BY QUAKE

TOKIO. — earthquakes described as "fairly severe" were reported in the Kobe, Osaka and Nagoya districts today. Reports from Nagoya say that the water mains there were broken by the tremors, cutting off the water supply and flooding the streets. No casualties have been reported. The disturbances are alarming the citizenry.

Nagoya is the sixth largest and one of the most prosperous cities in Japan. It is located in Owari province with 450,000 population. It is about 100 miles from Osaka, the city where Kobe and Osaka, the other cities in the earthquake fault, are located.

### ESCAPES DEATH

Driver of Truck Jumps as Train Hits Auto

VAN WERT. — (Special) — Leo Hammond, 19, of this city, truck driver for Hertel's Poultry House, escaped death by a few seconds at 2 p. m. Tuesday when a truck, loaded with stone, which he was driving, was struck by a westbound Pennsylvania freight train at the Main-st crossing.

Hammond drove onto the right-of-way directly into the path of a fast freight, when his engine stalled. He attempted to start it, but was unable to do so in time to get off the track. He jumped to safety, and a second later the train hit the truck, totally demolishing it.

The truck was reduced to a twisted mass of metal, and was thrown about 25 feet, narrowly missing Hammond, who escaped unhurt.

SIX PRISONERS ESCAPE. PORTSMOUTH. — While Sheriff Harry Dunham of Scioto-co hearing primary returns that were returning him victor for re-nomination for the office in a spirited fight, six prisoners in the county jail saved their way to freedom at four o'clock this morning. They have not been apprehended.

### MUST BUY FURNITURE THRU BIDS

State Reformatory Never Received Big Lima Contract

DELAY IS NOT PROBABLE

Error Found in Time to Prevent Mix-up Here

Who lost the order? That is the question the Board of Education is asking concerning an order that was supposed to have been placed with the Ohio State Reformatory at Mansfield for \$13,000 worth of furniture for four Lima school buildings.

In the files of the old board is an order dated December 23, last, according to Dick Judkins, clerk, but H. E. Rucker, superintendent of the reformatory says it never reached him.

Now the board will be forced to advertise and buy furniture on the open market. Buildings affected are: South High, Roosevelt, Jefferson and Fauror.

GOES TO MANSFIELD  
Judkins went to Mansfield Monday to check up the order. Upon his arrival there he found that the reformatory officials knew nothing of it and were in no shape to attempt to fill it. Furniture will be needed about the middle of October, Judkins said, and the reformatory would not be able to start on the manufacture before January.

By discovering the fact that the reformatory, from which Lima has been buying its school furniture for some time, did not have the order, the board believes it will be able to advertise for bids and get the equipment in time for the new buildings and a delay will not be caused in opening the buildings.

The expense will be heavier, however. The schools can buy from the state reformatory furniture at a lower price than from the open market. It is contended, however, that equipment received from the state institution is inferior to that which may be obtained elsewhere and it is believed that the difference in value will offset the extra cost.

TAKE UP MATTER  
The board took this matter up at its meeting Tuesday night. Advertising probably will be prepared without delay so that purchases can be made by the time the new buildings are ready.

While the present board is at a loss to understand the fact that a copy of the order is on file here and never reached Mansfield, it is not likely that an investigation will be made to ascertain the reason. It will go down as a clerical error and end there.

### 50,000 DROWNED IN FLOODS

Millions of Persons Made Homeless in China

SHANGHAI. — (By Associated Press) — Millions have been rendered homeless and at least 50,000 persons have been drowned in devastating floods which are sweeping widespread areas of China, submerging ten of thousands of villages. Thousands of refugees are pouring into Peking. It is impossible to get even an approximate estimate of the fatalities but 50,000 is said to be a conservative estimate.

Unusually devastating floods with accompanying widespread destruction of property have been reported from various sections of China during the last few weeks. Late in July there were serious inundations in the provinces of Chihli and Hunan. On Saturday further floods were reported from Kwangsi and Sinkiang, but it was reported that the loss of life had been up until that time comparatively small.

## KILLING OF HER RIVAL IS WITNESSED BY GIRL

Michigan Man Chokes Former Sweetheart to Death

BOY IS HIDDEN IN BUSH

Mysterious Murder Cleared up by Confessions

BENTON HARBOR, Mich. — (By Associated Press) — Florence McKinney, 19 year old sweetheart of Emil Zupke, confessed murderer of Cora Ray Raber, has confessed that she witnessed the killing of her rival for Zupke's affections and helped hide the body, according to Sheriff George Bridgeman. Zupke and the girl occupied adjoining cells in the county jail today.

Zupke, the sheriff said, broke down Tuesday night and confessed that he choked Miss Raber, his former sweetheart, when she refused to release him from a promise to marry her. He told the sheriff that he lured her into Benton Harbor on a promise to marry her but instead drove her into the country and choked her to death.

About an hour after he had confessed, the sheriff stated, Miss McKinney came into his office and voluntarily admitted that she was with Zupke when the crime was committed. She said that Zupke came to her house with Miss Raber in his car last Wednesday evening and that the three of them drove to the desolate spot where the slain woman's body was found.

HELPED HIDE BODY  
After Zupke had choked Miss Raber for some time and it was discovered that she was dead, Miss McKinney said, she helped him to hide the body.

The murdered woman was soon to have become a mother. She blamed Zupke for her condition and recently swore out a warrant against him, asking that officers withhold his service until she could make a final effort to compel Zupke to marry her.

The combined confessions reveal that he promised to marry her the Wednesday evening she was killed. Instead he demanded that she release him. When Zupke told her that he would not marry her, his confession quotes her as saying: "Well, then do something to me."

### BROTHERS ARE NOMINATED

ATHENS, Ohio. — (By Associated Press) — Athens-co Republicans yesterday nominated brothers, world war veterans, for the offices of probate judge and treasurer. Rafael Johnson was named for the judgeship and Sam for the treasurer job. Both were majors in the overseas forces.

### FRANKS KILLERS CALLED SANE

Two Mental Experts Testify in Murder Case

GIRL WITNESS IS SOUGHT

Subpoena is Ignored by Friend of Leopold

CHICAGO. — (By Associated Press) — The prosecution placed its first two mental pathologists on the stand at the Franks hearing this morning and both testified that Richard Loeb and Nathan F. Leopold Jr. were sane when they kidnaped and killed Robert Frank, Dr. Hugh T. Patrick and Dr. Archibald Church of Chicago, testified that their examinations of the defendants led them to believe neither youth was suffering from a "mental illness" set up by the defense as its plea for imprisonment rather than death for the kidnapers-murderers.

They also testified in reply to long hypothetical questions, including all the points brought out in behalf of the defendants, that a man of such personality and character would be sane.

The state sought a writ of attachment from Judge John R. Cavert to have Miss Marion Doctor, friend of Leopold, brought into court after she had ignored a subpoena.

Dr. Patrick yesterday asserted his conviction that Loeb was sane, but further testimony by him was cut off when the defense objected to a hypothetical question aimed at a further analysis of Loeb.

Dr. Patrick reaffirmed his conclusion that Loeb was sane in reply to the hypothetical question asked by John Sbarbaro, assistant state's attorney.

"Aside from the commission of the crime, I see no evidence of mental disease," he replied.

Three other long hypothetical questions involving the various idiosyncrasies of Loeb's personality and some unusual physical characteristics brought the same response.

"I found nothing in my examination nor in printed reports to lead me to a diagnosis of mental disease," said the doctor.

Another hypothetical question as to a man of Loeb's intellectual qualities and another as to a man of Loeb's impulsiveness brought the same replies that they were attributes of normal people.

"They are perfectly normal reactions," said Dr. Patrick. "Every one at times is more or less depressed."

"I apprehend that there is no one who does not have phantasies regarding the thing he is interested in. Air caste, in Spain is the more common term. It is a highly normal procedure. Some persons indulge in it more than others. This thing of having phantasies for thirty minutes before going to sleep is not a pathological condition at all."

Dr. Patrick remarked "Night before last I had a phantasy of appearing on the witness stand and of the questions that might be asked me."

"Phantasies naturally take the line of the mental attitude of the individual," Dr. Patrick testified. "I saw nothing in my contact with the gentlemen," said Dr. Patrick in reference to Leopold, whom he had studied soon after arrest for murdering the Franks boy, "to lead me to suppose he had any mental disease."

PLAN CHANGED  
Four attorneys will be the only witnesses used by the state to rebut the theory of "mental disease" which the defense has offered in mitigation of the penalty Leopold and Loeb must pay.

The official plan of Robert E. Crowe, state's attorney, to call campus friends and associates of the youths to testify as to their sanity, in refuting statements of lay witnesses for the defense, has been abandoned. The prosecution believes it is unnecessary.

"Their own relative on the stand did not attempt to say they were abnormal," Crowe said.

### Democratic Nominee's Plurality Mounts to 118,000

DAVIS LEAD IS 64,000

Majorities Increase as Belated Returns Come in

COLUMBUS. — (By Associated Press) — Harry L. Davis of Cleveland, again the Republican nominee for governor as shown by results of yesterday's primary election continued to increase his already large plurality as additional precincts reported today. In 7,741 precincts out of a total of 8,300 in the state, Davis was leading Joseph B. Sieber of Akron, the Ku Klux Klan candidate, by almost 64,000.

James A. White, the bone dry candidate, was trailing Sieber by almost 16,000 votes for third place, while C. Homer Durand, the liberal candidate, was fourth. The vote:

Davis 151,817.  
Sieber 88,199.  
White 78,518.  
Durand 47,474.  
Burke 40,922.  
George B. Harris 35,193.  
John L. Cable 23,780.  
Harry C. Smith, 12,243.

In the Democratic gubernatorial contest, Governor A. V. Donahey had piled up a lead of more than 118,000 over James C. B. Beatty of East Liverpool. The vote in 7,285 precincts was: Donahey 155,087; Beatty 36,768.

SURPRISES OF DAY  
The strength of Sieber, who seemed firmly entrenched in second position in the Republican race on the basis of available returns, and the unexpectedly poor showing of James A. White, former superintendent of the Ohio Anti-Saloon League, who was running a poor third, approximately 9,000 votes behind Sieber, were the surprises of the day.

The results of the Sieber and White campaigns in the Republican governorship race were almost opposite to the predictions of most of the who studied the situation with a view to forecasting the outcome.

White generally was credited with an excellent chance for the nomination while Sieber, a political unknown until he announced his candidacy, was assigned to a position several steps lower in the contest.

Sieber, however, apparently was the recipient of a generous share of the vote of the Ku Klux Klan to which he admits membership, and assuming second position early in the race, had not yet been deposed.

White's failure to attract sufficient votes to be a real contender with Davis for his party's nomination, was laid by some of his friends at the door of Sieber. Large numbers of voters who would otherwise have found an appeal in the dry record of White, were believed to have followed the standard of Sieber. Burke, too, was believed to have been attracted some of the dry vote and to have detracted the effectiveness of the White campaign.

DISAPPOINTMENT  
Disappointment also was not entirely lacking in the Durand camp. The "liberal" candidate's followers had professed implicit confidence in his ability to better his showing of two years ago. When he finished third with a total of approximately 48,000 votes to his credit, today there seemed little likelihood of his accomplishing his purpose and, with a large portion of the precincts yet to be heard from distinctly rural and considered dry, there remained a possibility that he would fall short of the vote of two years ago.

Indication was given last night by Frank E. Aid, Durand's campaign manager, that in spite of the failure of his candidate, there would be an independent "liberal" candidate in the gubernatorial contest. Aid refused to name his entrant but said he would not let Durand altogether be a "man of liberal and independent tendencies."

Davis, who retired to private life after his single gubernatorial term with the statement that no official should make a campaign for re-election while holding office, made his bid for re-nomination on his record in the executive office. He carried his fight for return to office to many sections of the state and had perfected organizations in most of the counties.

If Davis' primary campaign is an indication of the vote seeking methods he will adopt in his quest for election, the coming campaign may be one in which the records of two governors will be almost the sole issues. Governor Donahey has announced that his campaign will be confined solely to discussion of what he has accomplished as chief executive.

While Donahey's nomination to succeed himself generally was conceded to be a foregone conclusion, there was some interest in the

# BLOOM, LEWIS NAMED FOR LIEUT. GOVERNOR

## BANKER CHOSEN BY G. O. P.

Bowling Green Man Nominated by Democrats

NEWMAN, BROWN PICKED

Secretary of State Nominees—Other Winners Given

COLUMBUS — (By Associated Press) — Charles H. Lewis, banker, farmer and newspaper publisher of Harpersburg and Upper Sandusky, received the Republican nomination for lieutenant governor at yesterday's primaries, winning over twelve opponents. State Senator J. F. Atwood, of Columbus, won second place, trailing Lewis by 30,000 votes on returns from 6,408 out of a total of 8,300 in the state.

Unknown in state politics, Lewis won the support of organization leaders in the big cities, as well as the rural sections. He is an announced, dry and based much of his campaign on a platform for more state aid roads. For twenty years he has been mayor of his home town of Harpersburg, and a member of the Wyandott-co school board.

Atwood gained prominence during the last session of the legislature thru the introduction of numerous fish and game acts, and a bill making more difficult the sale of stolen automobiles.

Following is the vote for the Republican nomination for lieutenant governor from 6,408 precincts:

J. F. Atwood 47,844.  
Clinton D. Boyd 21,380.  
John H. Chester 12,920.  
Roland G. Davis 28,823.  
Henry F. Emerson 24,230.  
John F. Harrison 20,978.  
A. A. Garbner 30,745.  
Charles H. Lewis 77,608.  
David A. Light 14,430.  
Carl A. Hakee 15,243.  
John E. McCrehen 20,562.  
Edwin Reed 19,827.  
W. Shanklin 7,688.

DEMOCRATIC NOMINEES

Earl D. Bloom of Bowling Green, who presided over the last state senate, was nominated by the Democrats for lieutenant governor. On returns from 6,124 precincts he was leading his nearest competitor, Frank S. Kruse, by approximately 30,000 votes. The vote on this race stood:

H. C. Black 23,556.  
Earl D. Bloom 57,949.  
J. I. Fogarty 24,788.  
Frank S. Kruse 1,192.  
W. W. Latham 4,861.

SECRETARY OF STATE

J. H. Newman won the Democratic nomination for secretary of state by a two to one vote over L. C. Riddle. Returns from 8,124 precincts gave Newman 56,925 as compared with 3,300 for Riddle. The Republican nomination for secretary of state was won easily by Thad H. Brown, the incumbent, over E. J. Hummel, the vote from 6,408 precincts being:

Thad H. Brown 27,434; Hummel 52,771.

STATE AUDITOR

Joseph T. Tracy of Columbus and Portsmouth was unopposed for the Republican nomination for state auditor, while D. E. Butler of Toledo, apparently had won the Democratic nomination.

Returns from 6,124 precincts for Democratic auditor showed:

D. E. Butler 50,210.  
Floyd D. Atwill 24,432.  
J. H. Kaufman 39,061.  
H. E. McCullister 22,124.  
H. Sage Valen 20,135.

State Treasurer Harry S. Day was unopposed for renomination on the Republican ticket. H. G. Dewesse of Columbus, who had the support of the Ku Klux Klan, appeared to have won the Democratic nomination for treasurer.

On returns from 6,124 precincts he was leading E. E. Donnan by a vote of 58,123 to 82,245.

ATTORNEY GENERAL

Result of the primaries indicated today that Thomas H. Morrow of Cincinnati, Democrat, may oppose Attorney General C. C. Crabbe of London, Republican, for re-election. Crabbe won the Republican nomination with ease, returns from 6,408 precincts giving him 181,519 votes as compared with 105,521 for Bert B. Buckley and 105,521 for W. L. Grills. Morrow had a much narrower lead for the Democratic nomination. With 6,124 precincts heard from, he was credited with 55,990 votes as compared with 55,165 for B. T. McDonald and 24,961 for D. P. Dunlap.

SUPREME COURT

Judge James E. Robinson of Marysville and Judge R. R. Kinkade of Toledo appeared to have won the Republican nominations for judge of the supreme court, while the Democrats appeared to have nominated J. D. Clark of Dayton and W. H. Kinder of Findlay.

In the Republican supreme court race, returns from 6,409 precincts gave:

James E. Robinson 148,954.  
R. R. Kinkade 197,242.  
Frank W. Geiger 102,653.  
James J. Allred 70,791.  
Harlan T. Burket 70,753.

Returns from 6,124 precincts for the Democratic contest for justice of the supreme court gave:

J. D. Clark 66,782.  
W. H. Kinder, 56,287.  
A. F. O'Neil 53,114.  
G. A. Stern 31,963.

Expected Agreement Fails to Materialize

LONDON — (By Associated Press) — Indications after the noon hour today were that the important announcement Premier Herriot of France was expected to make to the council of fourteen this afternoon regarding a Franco-German agreement on the evacuation of the Ruhr would not be forthcoming. Some of the delegates fear the Franco-German negotiations, being carried on outside the conference, have hit a stumbling block.

Today is the most critical day of the conference. Dr. Marx, the German chancellor, declared to the newspaper correspondents this afternoon just before going into the five o'clock conference with Premier Herriot of France and Premier Tardieu of Belgium and their French and Belgian associates to resume their discussion of the Ruhr evacuation.

"I go to this afternoon's conference with a feeling of great responsibility, as the questions to be considered are so vital to Germany and the other countries concerned," he continued. "But I go filled with hope and I reach an agreement I think the most important part of the conference will have passed."

Chancellor Marx expressed his satisfaction with the equality of treatment the Germans had received from all the members of the conference especially with the manner in which Premier MacDonald had placed his time at the disposal of the Germans outside the formal meetings. He said the Germans had every day every day to promote speed in the conference, and were anxious to be helpful in creating a better understanding among all peoples and in promoting peace.

GEN. HINES TO BE ARMY CHIEF

Approved by Coolidge as Successor to Pershing

WASHINGTON — (By United Press) — Major General John D. Hines, an old line fighter, close enough to General Pershing in military policy to be his twin brother, will succeed to the command of the army when Pershing retires September 12.

General Hines, whom President Coolidge has approved to become chief of staff, when the war-time commander reaches the retirement age of 64, has been with "Black Jack" Pershing for years, knows his views and is prepared to carry on the work in the army that Pershing lays down.

Pershing took him into Mexico in 1916, as adjutant general of his punitive expedition and again to France. First he commanded a regiment in the first division, then a brigade, division and finally an army corps.

Hines was at the head of the first brigade of the first division when the Yankees gave the shock of their lives at Cantigny.

He was there when the division delivered a smashing attack at Soissons.

At Soissons he earned the D. S. C.

WAR DECLARED ON VIOLATORS

City Will Enforce New Traffic Rules Thru Court

EIGHT POLICEMEN ADDED

"Stop" Signs Mean Just That, Bingham Says

War was officially declared Wednesday by City Manager C. A. Bingham and Chief of Police T. A. Lanker on violators of the city's new right-of-way traffic ordinance. After repeated warnings which have failed to take effect two weeks after the passage of the law, it was decided that the city's only alternative is to prosecute offenders to the fullest extent of the law, Bingham said.

Eight new "plaid" traffic officers have been appointed for the sole purpose of enforcing the new law, and will be on the job Monday, in addition to the twelve special policemen who were hired two weeks ago.

The announcement Wednesday, Lanker said, will serve as a final warning, and wholesale arrests of violators will start Monday morning.

WILL ENFORCE ORDINANCE

One clause in the new ordinance, on which the city has been lenient during the past three weeks, and which provides that all drivers shall come to a complete stop at each right-of-way street, owing to scores of violations, will now be strictly enforced.

For motorists have been permitted to disregard the stop signs, with the provision that they drive carefully and slow down at each intersection.

The new ordinance, which was passed by the City Commission three weeks ago, and which went into effect on Friday, July 25, designates as right-of-way streets all thoroughfares which are traversed by street cars, as well as all inter-county and state highways, and five streets, Elm, Spring, High and North-st. and Central-av, which have been designated by the city.

Plans for Aviators' Hop off Tomorrow Changed

REYKJAVIK, Iceland — (By Associated Press) — After plans had been completed here for the American army world fliers to hop off for Greenland tomorrow, a report today from Naval flight Commander Bruce G. Lighton, on board the cruiser Raleigh, off the Greenland coast, caused a sudden change in the schedule.

Rear Admiral Thomas P. Magruder at once called a conference with Lieutenant Lowell H. Smith, the flight commander, and Major Clarence E. Crumrine of the army air service on board the cruiser Richmond.

Reports received from Angmagssalik after a reconnaissance that the harbor was too small and too nearly filled with floating ice to make it a suitable or safe landing place for the fliers and that it would be impracticable for them to hop off from it with a load. It is probable that a new landing place will be selected.

STROMNESS, Orkney Islands, (By Associated Press) — Lieutenant Locatelli, the Italian aviator, left here shortly after 11 o'clock this morning in continuance of his trans-Atlantic flight in the wake of the American army aviators.

After being out less than an hour, Lieutenant Locatelli returned to Stromness. He had found the fog conditions such as to make it inadvisable to continue.

War was officially declared Wednesday by City Manager C. A. Bingham and Chief of Police T. A. Lanker on violators of the city's new right-of-way traffic ordinance. After repeated warnings which have failed to take effect two weeks after the passage of the law, it was decided that the city's only alternative is to prosecute offenders to the fullest extent of the law, Bingham said.

Eight new "plaid" traffic officers have been appointed for the sole purpose of enforcing the new law, and will be on the job Monday, in addition to the twelve special policemen who were hired two weeks ago.

The announcement Wednesday, Lanker said, will serve as a final warning, and wholesale arrests of violators will start Monday morning.

get me out of this." He started to choke her then, according to his confession and continued for about a mile as the car moved along.

Zupke, in his confession said that after driving into the county he told Miss Baber he thought too much of his other sweetheart to marry her.

DETAILS GIVEN

"She spoke up and said 'if you don't marry me, do something to get me out of this.'" the confession goes on. "I put my right arm underneath her chin and against her throat and held it there for some time. When I thought she was dead I drove to the Pumpkin Vine crossing. I carried her about ten feet in the weeds and brush. Then I laid her down and knelt beside her, lit a match, felt of her pulse and put my ear to her heart to see if she was dead. Then I drove to my girl's house and stayed until 3 o'clock in the morning."

The crime weighed heavily upon his conscience, Zupke declared, and kept him awake at night. He felt an irresistible urge to return to the spot where he had secreted the body, he said, and went last Sunday. When he saw men peering into the bushes he knew the body had been discovered. He had planned to marry Miss McKinney the day the body was found, he said, but he told his family he was going to the city.

## GIVE CHILDREN SQUARE DEAL

Chautauqua Lecturer Talks on Training Problems

## "SCARES" ARE DENOUNCED

Play is Feature of Tuesday Night Session

"Don't preach fear to your children," State Senator William E. Wenner, of Ashland, told a large audience Tuesday afternoon in the Redpath Chautauqua tent on W. Elm-st. Wenner talked on "A Square Deal for the Boy."

"Children should be given to understand that they are to obey authority, but they shouldn't be told that something dreadful will happen to them if they do something wrong. Fear has its place in the hearts of everyone, but it should not be given too large a place," he said.

Wenner denounced public evangelists who instill fear into the hearts of small children. "I once knew of a case," he said, "where a so-called evangelist talked to a big crowd of young school children and told them they were lost unless they went forward to the altar and were 'converted.' The children went home with tear-stained faces and pitifully asked their mothers what terrible wrongs they had done to have the Creator hate them so. Instead of loving Him as they should, they feared Him from the bottoms of their hearts. As they grew older and were asked to join church, they bitterly said, 'You fooled me once, but you can't do it again.'"

BE AFFECTIONATE  
"Be affectionate toward your children, but don't coddle them," Wenner said. "And for heaven's sake, don't continually 'nag' them every time they show a burst of enthusiasm. If you have a child that doesn't romp around, then it is highly advisable to take him to a specialist to find out what is wrong." Wenner also advised parents to respect their children's opinions.

"I believe Roosevelt was right when he said, 'There are four kinds of boys—tall, short, fat and thin.' He didn't mention that there were any 'bad' boys because there really aren't any. They are just different," Wenner said.

"Boys would get a square deal if their fathers understood them as well as their mothers," he said.

A capacity crowd filled the tent Tuesday night to see "Give and Take," an American comedy given by a New York cast. Wednesday morning Thomas B. McGerger, former attorney-general of Kentucky, talked on "Getting Back to Normal."

In the afternoon he was scheduled to speak on "You and the Law," preceding which the Hollywood Harpists were booked to give a short concert. In the evening the Harpists are to have the whole program to themselves.

The DuMont Concert party will give a concert at the Thursday afternoon session, following which Miss Jane Goudie, famous reader, will entertain the audience with a number of readings. The concert party will give another concert in the evening preceding Dr. Thomas E. Green's lecture, "Guarding the Outposts."

Waldo E. Stephens, a graduate of Ohio Wesleyan, will talk on "When East Meets West" Thursday morning.

## MRS. TRICE OPENS SUIT FOR ALIMONY PAYMENTS

COLUMBUS GROVE—Suit to obtain alimony was filed Tuesday by Mary M. Trice, of Columbus Grove, against Elba W. Trice, of Columbus Grove, in common pleas court.

Mrs. Trice, in her action, sets forth that she has been married to Elba W. Trice since March 1923, and since that time has called at her home, but refused to live with her or to provide clothing or support for their child, Elba W. Trice, born February 27, 1924.

She sets forth that she owns a large touring car, two properties valued at a total of \$4,000 in Columbus Grove, has a diamond ring and is a member of the coal firm of Jones & Trice, Columbus Grove.

Since they separated he has not contributed more than \$25 to her support, the petition says. Mrs. Trice was granted an injunction preventing Trice from encumbering his property or disposing of his chattels.

Putnam-co Parties Pick Nominees in Election

OTTAWA—Early reports on the Democratic voting Wednesday indicated that William M. George, of Beaufort, would be nominated for probate judge; O. J. O'Donnell, of Leipsic, for recorder; Harry Stump, of Union-twp., for representative. At the caucus for second nominees was between H. H. Montooth, of Leipsic, present commissioner, and Frank Kracht, of Ottawa-twp. B. J. Nelson, of Miller City, was nominated for sheriff.

Frank M. Williams, of Columbus Grove, and Miss Mary Rothman were strong contenders for the nomination of treasurer.

On the republican ticket, A. L. Belch, of Columbus Grove, was nominated for probate judge over Mrs. C. B. Sterling, of Columbus Grove.

WILL PROBATED  
Property of Former Putnam-co Coroner Distributed

OTTAWA—The will of Dr. Albert P. Sheldy, probated Tuesday in court, was probably the most peculiar document of its kind ever filed for probate, in Putnam-co. The instrument, which was peculiarly drawn, asked that no administration be made of the estate. It suggested that Mrs. Sheldy call in two of the doctor's best friends, Henry P. Raub, of Ottawa, his brother-in-law, and George A. Stauffer, of Ottawa, and that by their advice and under their seal, all the business which is to be executed, be accomplished.

In authorizing the funds, he gave one-half of the estate to the widow, one-fourth to Miss Genevieve Sheldy and one-fourth to Miss Evangeline Sheldy. He designated that the widow was to collect all monies and open accounts and hold the same for distribution in the estate.

Dr. Sheldy was for 25 years coroner of Putnam-co and a practicing physician over Putnam and several adjoining counties. He died August 3 from paralysis and complications, which first attacked him following his work among his influenza patients in 1918.

H. J. Morrow, division train and baggage agent on the B. & O. railroad, was a business visitor in this city Tuesday.

Delphos Council Has Easy Time at Session

DELPHOS—Very little important business was discharged at the regular meeting of the council at the City Building, Tuesday night, with the exception of the usual routine, this time including the Mayor's report and an ordinance.

The ordinance prescribing the rules of the road and regulating traffic and the operation of motor vehicles in the city of Delphos, and fixing the penalties thereof, which was drawn up some time ago, was read for the last time at this meeting and has now become a law in the city of Delphos.

Resolution declaring it necessary to construct a sanitary sewer between Franklin and Washington-ave, from ninth to twelfth-sts, was passed by the legislative body. Construction of the sewer, it is said, will start very soon, as such improvement is needed by the residents in that district.

Mayor N. Morrow's financial report for the month of July, totaling \$653.85, was read and accepted by the council today. This amount comprises the revenue for one month from violations of the Crabbe Act, and city traffic regulations.

**HAY FEVER**  
PROMPTLY RELIEVED BY NEW DISCOVERY  
Eyes Quit Itching, Nose Stops Running and Burning. Makes Life Worth Living. Money Refunded If It Fails.

At last! Real relief for hay fever. The long search by scientific men for something that would counteract the effect of pollen has resulted in a new discovery. It is now possible to go through the hay fever season and hardly know that you ever had this terrible affliction. Dia-pollin is the name of this new compound. It is absolutely harmless, contains no injurious or habit-forming drugs.

Simply apply it in the nostrils, and almost instantly you realize that hay fever has met its master. The nose clears up and stops running. The feverishness and itching of the eyes ease and soon cease almost entirely. A few applications a day enable you to work in comfort and sleep in peace.

Hay fever is caused by pollen from weeds, vegetation, etc., which irritates the mucous lining of the nose. Dia-pollin keeps this irritating pollen under such control that it doesn't make your life miserable. It is easy to use and acts like magic.

"Gave Wonderful Relief"  
"I started using Dia-pollin for hay fever last July, and obtained most wonderful relief. For the first time in many years, I slept soundly during the hay fever season, and was able to work with very little of the usual nose and eye trouble. I am now recommending Dia-pollin to several others and all of them received the same benefit I did."—C. H. Rogers, Major, Salvation Army Hotel, 26 So. Capitol Ave., Indianapolis.

"My First Real Relief"  
"I have found complete relief through Dia-pollin all through the Rose and Hay Fever seasons. My suffering used to be very severe. Dia-pollin cleared my head, stopped the itching of the eyes, made my breathing easy and in fact made it possible for me to work and get a good night's sleep. It is the first real relief I ever found and has had no bad effects."—Wm. Walker, 738 Edgemont Ave., Indianapolis.

## WOMAN NAMED FOR CONGRESS

Nominated by Democrats in Nineteenth District

MANY INCUMBENTS WIN

Mrs. Harriet Upton is Defeated by Cooper

COLUMBUS — (By Associated Press) — All of Ohio's incumbent congressmen who sought re-nomination, with the possible exception of one, probably will have opportunity to stand for re-election at the November election, according to returns received up to early today from yesterday's state-wide primary.

Many of them faced strong opposition and some of the races required nearly complete returns before the result was determined. In the first district, Israel M. Foster, who had been defeated in the primary, was the only one whose success seemed in doubt. Jenkins, with the alleged support of the Ku Klux Klan, was putting up a strong battle for the nomination.

Congressman John L. Cable of Lima, did not seek a return to Washington, but entered the Republican gubernatorial campaign. Among the remaining Washington representatives, John G. Morgan, of the nineteenth district, had probably the hardest battle. Opposed by Mrs. Harriet Taylor Upton, national woman political leader, for the Republican nomination he was forced to exert himself throughout the campaign to attract success. Klan opposition was said to have detracted from Mrs. Upton's note.

WOMAN OPPONENT In spite of Mrs. Upton's defeat, at least one woman will be on the Ohio congressional ticket. Curiously enough, Cooper will be

her opponent, contesting with a woman in both the primary and November election. She is Phoebe Sutliff of Warren, in the nineteenth district, who was unopposed for the Democratic nomination. Isaac R. Sherwood, patriarch of the national house of representatives again will be on the ticket. He was nominated without opposition on the Democratic ticket in the ninth district, after John F. Lawler, who entered the race with the understanding that Sherwood intended to retire, withdrew in his favor.

### LIST OF NOMINEES

The following congressmen probably have been nominated, according to available returns.

1st district (X) — Nicholas Longworth R.; (X) Thomas B. Patton Jr. D.  
2nd district (X) A. E. B. Stephens R.; (X) Robert J. O'Donnell D.  
3rd district (X) Roy G. Fitzgerald, R.; John P. Rogers, D.  
4th district — Roland H. Rogers, R.; Hugh Mathers, D.  
5th district — C. J. Thompson, R.  
6th district — C. C. Kearns, R.  
7th district (X) Charles Brand, R.; (X) C. K. Wolfe, D.  
8th district — R. Clint Cole, R.; Brooks Fletcher, D.  
9th district — W. W. Chalmers, R.; (X) Isaac R. Underwood, D.  
10th district — Both contests undecided.  
11th district (X) Mel G. Underwood, D.; (X) Edwin D. Rickette, R.  
12th district — John C. Speaks, R.; Lowery D. Sater, D.  
13th district — James T. Begg, R.; (X) John Dreitzler, D.  
14th district — Arthur W. Doyle, R.; (X) Martin L. Davey, D.  
15th district — C. Ellis Moore, R.; James R. Alexander, D.  
16th district (X) John McSweeney, D.  
17th district (X) William M. Morgan, (R.)  
18th district — Frank Murphy, R.  
19th district — John G. Cooper, R.; (X) Phoebe Sutliff, D.  
20th district (X) Harvey Drucker, R.; (X) Charles A. Mooney, D.  
21st district — John C. Gahn, R.; Robert Crosser, D.  
22nd district — Theodore E. Burton, R.; (X) Sam B. Fitzsimmons, D.  
(X) — Unopposed for nomination.

## ACCOUNTS SHORT \$262,000

Affairs of Closed Bank in Connecticut Probed

CASHIER SHOOTS HIMSELF

Probably Blinded by Bullet Fired into Temple

PUTNAM, Conn. — (By Associated Press) — With a shortage of \$262,000 in Liberty bonds and other negotiable securities already disclosed, investigation of the accounts of G. Harold Gilpatrick, cashier of the First National Bank of Putnam, who is also State Treasurer, was continued today by the bank and by individuals interested in various funds entrusted to him. These funds aggregated about \$200,000.

Gilpatrick's books as state treasurer were said at the state capitol at Hartford to be in good condition. Meanwhile Gilpatrick is at a hospital, probably blinded by a shot that he fired into his temple last Thursday. Physicians say he has an even chance for recovery.

### BANK CLOSED

The First National Bank, this town's only commercial bank, stands closed by action of its board of directors with more than \$1,500,000 of deposits. Investigation is being made of possible forgeries in connection with mortgage deeds that Gilpatrick gave to friends who had turned over large amounts of cash to invest for them.

His personal box at the bank, the contents of which he is said to have placed at more than \$100,000, has been found to contain little of value. It seemed as if every one in Putnam took money to Gilpatrick to invest. Rich men and poor men alike gave him their confidence and money and when it was announced that he had shot himself, leaving a note for his wife

saying that his affairs were heavily involved, it was believed that his troubles were only temporary and relatively trivial and that his act was that of a man overly conscientious.

## LEADERS GATHER FOR COLLIDGE NOTIFICATION

WASHINGTON. — Republican leaders from all parts of the country assembled here today for the exercises tomorrow night at which President Coolidge will be formally notified of his nomination by the Cleveland convention.

The address of the president accepting the nomination is expected by the party leaders to set forth merely the principles on which the Republican campaign will be based, since it was written before John W. Davis, the Democratic nominee, delivered his corresponding address at Clarksburg, W. Va. and could not, therefore, be regarded as a direct reply to the latter's statements.

The president had a light program today to permit him to spend some time in preparation for delivery of his address. All members of the national committee as well as Republican governors and members of congress and others prominent in the party affairs have been invited to attend the ceremonies.

## FORCES MOBILIZED TO BATTLE SMUGGLERS

PHILADELPHIA — Four hundred of the 4,000 men recruited to man the new dry fleet of 257 vessels to be commissioned for action against smugglers of aliens, liquor and narcotics have been mobilized in this city, according to announcement by coast guard officials.

Preparations for the offensive, which is said to be scheduled for some time in September, have been in progress at the navy yard here for more than a month. Destroyers, mine sweepers and speed boats are being reconditioned and fitted. Twenty-four section bases will be established and three new receiving stations will be opened for the training of recruits.

## PROPELLER OF STEAMER LEVIATHAN DAMAGED

NEW YORK. — The steamship Leviathan left here this morning for Boston where she will be placed in drydock which a propeller damaged on a trip from Europe, ending yesterday, will be replaced. Because of the damaged propeller the Leviathan arrived one day late.

BUCK FUNERAL Funeral services for Dillian Buck 56, former Lima resident, who died Tuesday at his home in Indianapolis, were held Wednesday at 1 p. m. at the home of his sister, Mrs. Stella Mines, 1301 W. Spring-st. Interment was made in Woodlawn cemetery.

## Wreck Is Caused By Carelessness

Wife Tells of Husband's Experience

"My husband has only Peppen, the medicine sold at Hunter's Drug Store, to thank for his good health," said Mrs. Addie Miller, a well known Lima woman living at 116 E. Murphy-st.

"For the past six weeks I expected him to have to quit work every day. He complained of feeling tired and worn out. After his meals he would have attacks of gas and bloating. Then at night his sleep was not sound and he would get up in the morning with a dull heavy headache."

"One bottle of Peppen made him feel like a different person. Now he sleeps fine and is looking better than I have seen him in some time. His appetite is much better, too, and he says he never has any trouble with his stomach after his meals."

Peppen is recommended for sour stomach, gas and bloating, pains in the back, sleeplessness and worn out tired feelings. It is sold in Lima only at the Hunter Drug Stores, 49 Public Square and corner Main and Wayne-sts., and the Argonne Store. It is guaranteed to give results or the purchase price is refunded. adv

## Best Bet Neglected

If the average person got from his auto as few miles per gallon of gasoline, as much engine trouble or as irregular service as most of us are content to get from our bodies, he would make changes. Dr. Frances Scott of Smith College says this in a lecture.

How many people take as good care of their bodies as they do of their autos or radios?

And yet the human body, a thousand times more delicate than the auto, radio or any other machine, is given very little attention. Its fuel (food) is fed to it haphazardly, with little of the care we bestow in buying gas for the auto or batteries or tubes for the radio.

The owner, careful not to put too much "juice" on the filaments of the radio tubes or too heavy a task on his auto, repeatedly throws too much strain on his body—especially its nerves, stomach and heart.

The noted surgeon, Dr. Charles H. Mayo, probably had all this in mind when he said recently that civilization can end "mass diseases" (such as yellow fever) but individual ailments (such as cancer and nervous indigestion) are gaining.

Diet and proper exercise—neglect of these are the big enemies of health, Dr. Mayo emphasizes.

"Continuous over-eating is the bane of our modern existence."

Not only over-eating, but eating the wrong combinations of foods... Putting molasses in the gasoline tank and sand in the gears.

One trouble with most people is that they want to buy good health and long life in pill or bottled form. That's why the monkey gland experimenters caught popular fancy. They held forth the promise of health and longevity without individual effort in the matter of food and exercise.

This bottle-and-pill fetish is further illustrated in the annual drug bill of our country—500 million dollars, 300 millions of which are spent on so-called patent medicines. Thirty years ago only 2699 drug items were on the market. Today the figure is over 45,000.

## Dreamland

The Brownies, delightful creatures of fairyland, live on the Palmer Cox, who created them, died recently at his home in Quebec.

Palmer Cox will be forgotten. But his Brownies will not. They may be eclipsed at times by new fancies, yet their popularity will revive and continue for generations, maybe centuries.

No man is any greater than his works. Few are as great.

The fiction people of fairyland are well nigh imperishable. Quite naturally. They represent life where all is a round of pleasure, with few cares. Their atmosphere is one of good fortune and happiness. These are the things people want—the things that are rare in our humdrum mechanical civilization and which, when they do come to us, are brief and fleeting like the sweet aroma of forests wafted to the tired, dusty

traveler on a train as he longingly watches thru the open car window.

We are not quite sure what things are like in the Hereafter. But surely it will be a place abounding in delightful creatures like Old Mother Goose, Santa Claus, the Brownies, Tom Sawyer (for he was almost a fairy,) the Wonderful Wizard of Oz, Jack Daw, Hansel and Gretel, Jack the Giant Killer, Water Babies and all the other mystic people who thrill the imagination of all children under 90.

It is good that, in our matter-of-fact world of alarm clocks, sordid scandals, labor strife, politics, tight shoes, thin wallets and rules and regulations, we have the fairyland of fiction with its romantic adventures.

Life would be dull and drab without the mystic creatures, shadowy phantoms, the things that dreams are made of. That harsh and merciless taskmaster, the efficiency expert, is forever prating that we are not practical enough. Ah! we are too practical, and that is why life at times becomes monotonous.

We do not dream enough. For, after all, we ourselves are dream creatures. We rise from the dust, have a brief and bewildering kaleidoscopic experience called life... then vanish into the dreamland from which we came.

In sleep with its dreams and in fairy tales only do we find life as we yearn for it, life as it could be, should be.

At times we envy the inventor of such devices of human enslavement as the steam engine, the wheel, the dynamo and the factory. But possibly greater are the achievements of the whimsical, kindly brains that created Santa Claus, Old Mother Goose, the Brownies, Alice in Wonderland and the other lovable folk of the World of Make Believe.

## Modern "Kings"

We have our "kings," even in democracy. Money is our monarch. A news item discloses that Robert T. Crane, an easterner, has paid \$54 a day for the last year for the hire of a Pullman car constantly ready for his exclusive use. The price included wages of a cook, waiter and porter.

Medieval kings had nothing like that. We can't all hire Pullman cars, but we are all kings—by ancient standards of comforts and even luxuries. Charlemagne would have given half his kingdom (most of continental Europe) for a radio, auto and movie theater.

## Dope

At the international conference to curb the use of opium and other narcotics, American delegates will propose reduction in the acreage devoted to growth of poppies and other plants that supply the drug addict.

Dope is an international problem. So is liquor. As time goes on, you'll find the dry squad concentrating more on world prohibition, less on individual nations. As long as the stuff is made in one country others will find a way to get it if they have the price.

## THE END OF A SUMMER FLIRTATION

## LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

### WHAT TO SPEND FOR FOOD

Several months ago I published a table showing the distribution of expenditure for food in the family of an American professional man (who is a food expert), the family including three adults and four children. Then for comparison a similar table showing the distribution of food expenditure in 92 New York families in moderate circumstances. A middle western professional man, in whose family there are two adults on the far end of 70, as he puts it, contributes a third table showing the distribution of food expenditure in his family. It may be interesting to compare the three tables.

	Amer. Prof. F. C.	Aver. 92 N.Y. Fam.	Middle W. Prof.
Meats, poultry and fish	12.5	33.19	8.95
Eggs	6.0	5.75	4.00
Milk	27.5	9.08	19.4
Cheese	2.5	1.11	1.40
Butter and other fats	11.0	8.14	5.00
Bread, cereals and other stann products	17.5	17.65	14.09
Sugar and molasses	3.0	3.80	14.44
Vegetables and fruits	16.5	15.15	18.74
Tea and coffee	...	...	4.44
Candy	...	...	2.32

The striking difference is that the western professor spends relatively as much for vegetables as the food chemist does for vegetables and fruits together and more than the average American urban family spends for vegetables and fruits together. The professor is not likely to suffer from a calcium (lime) shortage. Neither is he likely to suffer from acidosis on slight provocation.

The professor makes a better showing than the others in his cheese expenditure. The average American household seems shy of cheese. Most people have a very limited knowledge of cheese because they never think of trying the various kinds that are obtainable. They miss some great treats to the palate. More important.

## S.S.S. keeps away Pimples

THERE are thousands of women who wonder why their complexion does not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and lack of rich blood cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. builds new blood cells. This is why S.S.S. routs out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetters, rash, etc. S.S.S. is a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pep."

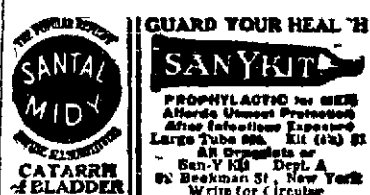

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical. S.S.S. The World's Best Blood Medicine.

like a tent so far as health, strength and vigor may be concerned. Cheese averages 2,000 calories to the pound, meat rather less than 1,000. Any kind of cheese one can eat is economical to buy, for it is 100 per cent nutriment and no waste. Meat represents a good 50 per cent waste. (Copyright, 1924)

### MAN AND THE TREE

The tree no boasting makes of grace  
But does its best to be.  
Wherever God has willed its place,  
A truly noble tree.

Silent and humble there it stands,  
From rage and envy free,  
Resenting never God's commands  
Which fashioned it a tree.

Great of its kind, it asks no voice  
Its richer wealth to tell,  
But seems in secret to rejoice  
To do God's will so well.

Why then should man's o'er duty done  
Grow arrogant and proud;  
And seek to have his splendor run  
To an admiring crowd?

Why should he want his story told  
Who does the best he can?  
For he must die when he grows old  
As must the poorer man.

The same God which creates the tree  
Creates man's spirit, too,  
Gives him the power a man to be,  
His will on earth to do.  
What more from life or fame  
Should man require his worth to tell?  
Thrice blest is he, indeed, who can  
Perform God's will so well.

## Asthma Instantly Relieved

### A Guaranteed Remedy

All druggists here or every druggist in the United States, as a matter of fact, are authorized to sell Asthmador or Asthmador Cigarettes on the positive guarantee that if they do not give almost instant relief and even more, if not found absolutely the best remedy ever used for Bronchial Asthma, Difficult Breathing or the Asthmatic symptoms accompanying Hay Fever, money will be refunded by them without question. Sufferers who have not already tried these remedies, can rely on the genuineness of this guarantee, as well as depend on its fulfillment, in view of being backed up by their own druggist, in case it should fail. The more severe, violent or obstinate the case, the more will Asthmador be appreciated and prized, after its first trial. The percentages of failure to relieve promptly are so small that the Manufacturers have no hesitancy in announcing this guarantee, and are willing, desirous and anxious to refund to the infinitely few sufferers who do not obtain relief, as neither they, nor the druggists who sold the package, want your money, if not relieved. Read the guarantee on label.

## When Were You Last Examined Physically?

It is almost impossible to overestimate the value of regular physical examinations as a means of sidestepping illness and adding to the possible length of life of every one.

In their "meaty" booklet, "The Road to Health," the U. S. Public Health service ends with this injunction—"Have your doctor examine you once a year. Also consult your dentist at regular intervals."

This is the advice of every one who has had occasion to observe the practical value of such action and unlike much free advice it is decidedly worth-while.

Your doctor would much rather help you to keep well than to get well and he can best do so by knowing your exact physical condition.

Wonder what a ditch digger thinks about. Here's Wally King, who sells dead insurance so you get it while still alive. After Main-st is paved, then what?

In the evening, dined at home in the Oak Room. Like a gentleman. On Baby lamb chops, just right; browned potatoes overcast with paprika, a salad of head lettuce, celery and tomatoes. Creamed asparagus as a filler, and tapioca pudding for the sweet.

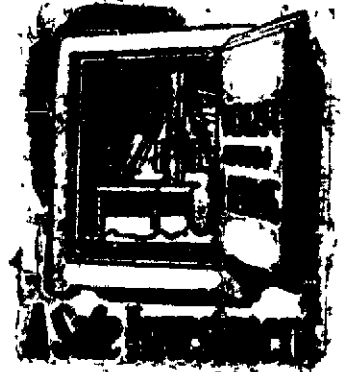

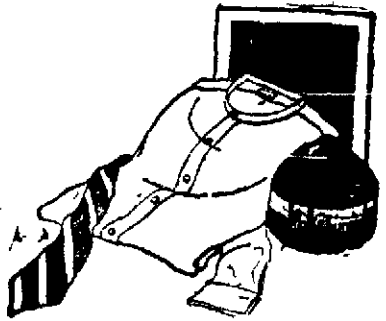

Reads long on Cosmo, about society's innerplay in front of the Breakers casino at Palm Beach. Cleverly done, then for a sermon in Proverbs, and a bit of Omar Khayyam hedonism. So on a bowl of bread and milk, rather early to my twin.

# SELL IT WITH LIMA NEWS SPACE

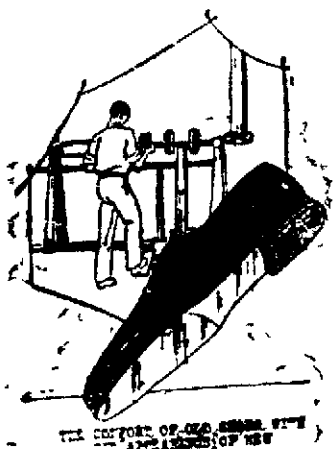

You can't find a better sales medium anywhere than The Lima News. It goes everywhere, is seen by everybody, and talks to everyone interested in your offer. Just think, over 17,250 evening and Sunday copies of your sales story broadcasted over the city, and into half the towns and rural homes of six counties—the richest counties in the State. Because it is logically edited and neatly printed, prospects can turn to your Ad quickly and find it without delay.

SALES follow the law of averages. Repeat your offer to a large number of people and you are sure to find a buyer. What sales agency other than The Lima News, is there in Lima that can talk to 17,250 homes in a single day at so small a cost?

LIMA NEWS ADS ARE EFFECTIVE! That's why The Lima News is used by agencies as the try-out medium for the State of Ohio. That's why The Lima News prints more foreign advertising. Space buyers for agencies don't gamble—they know. Remember you can sell it with a Lima News Ad. After all, merchants want results in their advertising—not conversation.

## MISS WELLS HOSTESS AT BREAKFAST

Miss Ruth Wells presided at a breakfast at her home, Monday morning, in compliment to Mrs. Earl Keating, who was to her marriage Miss Geraldine Maglin.

Covers for fourteen were laid at the breakfast table which was artistically decorated with garden flowers and greenery. Place cards were small floral affairs.

Guests included Misses Jeanette Stolzner, Abigail Sullivan, Leona Bernstein, Louise Ackerman, Margaret McNeil, Helen Johnson, Elizabeth Clark, Virginia Paul, Jane Bentley, Mesdames Donald Downing, James Enck, Jack Atkinson, Ortho McMillin and the honored guest.

Members of the Pals Club held a picnic Wednesday at McCallough's Park. Following the luncheon at noon, swimming, games and contests were enjoyed.

Mr. and Mrs. J. E. Galvin and family and Mrs. Sutter, from Ind., left Tuesday for a vacation at Bay View, Mich.

Honoring Mrs. Olive Fritz, of San Francisco, who is the guest of her sister, Mrs. E. C. Powell, W. Elm-st., Mrs. E. H. Doherty entertained with a bridge tea Tuesday at her home on Judkins-av.

Rooms of the Doherty home were prettily decorated with garden flowers. Three tables were filled for the bridge and games and at the close of play, Mrs. H. C. Thew held high score.

Mrs. Fred Ash assisted the hostess in serving.

The marriage of Miss Helen V. Cron and Ward J. West, both of West Cairo, was solemnized at eight o'clock Tuesday evening at the residence of Rev. C. E. Strawbridge. The couple were unattended and only immediate relatives were present.

After a short wedding trip they will be at home in West Cairo. The groom is employed in the ticket office at the Interurban-roads.

Mrs. L. E. Sherrell and daughter, Helen and son Walter, of Detroit, returned home Sunday after a motor trip to Mt. Clemens, Lakeside, Cincinnati and Lima. Mr. and Mrs. W. W. Calvert, of S. Elizabeth-st., accompanied them on the trip.

Mr. and Mrs. L. L. Lytle and family, Calumet-av. are spending two weeks at Russell's Point.

Mr. and Mrs. F. B. Howard and son, H. K. Howard, S. Pine-st. and Mrs. C. A. Robins, E. Eureka-st. left Wednesday for a two weeks' motor trip thru Michigan. They will visit Mrs. C. S. Clark and granddaughter, Mrs. J. A. Houtzer, of Detroit and Mrs. Noah Burden, of Flint, Mich.

Mr. and Mrs. W. C. Fridley and daughter, Myra and son, Billy, of Lincoln-av. have returned from a several weeks' stay in Lincoln, Mich.

## GOOD MANNERS

A week-end means from Friday afternoon or from Saturday lunch to Monday morning. The usual time chosen for a houseparty is over a holiday, particularly where the holiday falls on a Friday or Monday, so that the men can take Saturday off and stay from Friday to Tuesday or Thursday to Monday.

Mr. and Mrs. R. Burke have returned from their home in Deshler after visiting with Mr. and Mrs. I. Pond, S. Union-st.

**SUSIE SMART'S ADVICE**

Dear Miss Smart:  
I am coming to you for advice. I have a very thin neck and my bones are inclined to show. Now this worries me very much. Could you suggest something to use to make my neck plump? Something to use or do to exercise to do that can cause my neck to be so thin?

Do you think dancing is good exercise? Is there any harm in it? Thank you so much. BARE.

I am sorry, Babe, but your letter must have been delayed. I could not answer it as soon as you asked because I did not receive it in time.

You ask one of the unanswerable questions. I have never found any one who could explain why even a too plump person might have to have a thin neck. The best suggestion I can give you is to get a small bar of cocoa butter from your druggist and rub it well into the skin, over the bones, and into the hollows, with a rotary, massaging movement. The bar will soften sufficiently in your hands.

Dancing is excellent exercise. If it is free and graceful, always assuming, of course, that one has no heart trouble or disease which might make it dangerous. So long as it is not too strenuous, or unless it takes an indecent or vulgar form, I can see no harm in it.

Your writing is legible and good.

Dear Miss Smart:  
Quite some time ago I thought of a couple of questions which I wanted answered and was going to write to you, but put it off till "Tomorrow" has just arrived, taking six to eight months to get here, but in the meantime other questions have bobbed up until now there is quite a formidable list of them. Here they are:

1. What are the ten highest paid trades in the U. S. and the average weekly wages for each in the larger cities?

2. What is that white stuff that confectioners and meat market dealers use to write their specialties on the glass? If you rub your finger thru it, it comes off in a fine, chalk-like powder.

3. What is the difference between a camera and a kodak? A folding camera I mean. Catalogs describing them and pictures look very much alike. When and where were the following first used: (a) the telephone; (b) the automobile; (c) the electric street car; (d) the steam railroad?

4. When were matches invented? 5. What was the first passenger train service between New York and Chicago? Name of train and time required?

6. In what year did the first vessel sail across the Atlantic Ocean under steam power?

7. What are the dimensions of the Brooklyn Bridge?

8. When and where was the first house built in the U. S. I don't mean log cabin.

9. In what year was the first motion picture shown to the public?

10. When was the automobile invented?

11. How many known religions are there?

12. How many different tongues are known to be spoken?

13. How much longer will the Tangle continue to run in the News?

14. How long will it take to travel from New York to San Francisco?

15. How long will it take to travel from New York to San Francisco?

16. How long will it take to travel from New York to San Francisco?

17. How long will it take to travel from New York to San Francisco?

18. How long will it take to travel from New York to San Francisco?

19. How long will it take to travel from New York to San Francisco?

20. How long will it take to travel from New York to San Francisco?

Members of the Delta Omega Pi sorority have returned from a week's vacation spent at Shariene Cottage, Orchard Island. Those who enjoyed the outing were Misses Alice CalJacob, Pauline Oarn, Janice Hammock, Ethel Lottsoff, Kamah Smith, Janice Radsbaugh and Ruby Gunther. Mrs. Ira Atkins and Mrs. Albert Garu acted as chaperones.

Forty members from Kenton attended the meeting Monday night in City Hall of the Daughters of America and assisted in the initiatory work which was a feature of the evening. Five new members were taken into the organization.

A two course luncheon and social hour followed the business meeting.

Mrs. H. B. Hoffman, N. McDonald-st. is the guest of friends in Detroit.

## MINOR MATTERS TAKEN UP

### Board of Education Holds Regular Meeting

There was a spirited session of the board of education held Tuesday evening, at which every member was present. Many interesting reports were read, and that particular one in which a great amount of work has been done and finished in the matter of redecorating and cleaning in a most thorough manner every school in the city will be cause for general satisfaction at the beginning of the new school year.

Heating and fresh-air intakes have been installed; a great amount of kalsomining has been done. In Central High seats and desks in the study hall were all refurnished, which will add attractiveness to the school. The Frick time clocks in this building have been replaced by standard secondary clocks and bells complete, which are connected with the master-clock in the administration hall.

There were quite a number of bills approved at this meeting. There was considerable discussion regarding the sidewalks and drainage of the Jefferson and Roosevelt schools and there was a committee appointed to look after the matter and make its report at the next meeting.

There was the sum of \$300 allowed the school nurse for transportation to and from school. Bills were awarded transportation for 20 crippled children to and from school. It was found that the two bids—the Yellow and Checker cab companies had made identically the same—\$9.00 per day and 25 cents round trip for extra children, so the board decided that they would split the contract and give the checker cab the contract for the first half of the year and the Yellow cab the second half.

There was very careful deliberation in the matter of letting the contract for window shades for the Jefferson and South High schools. The bid of the R. T. Gregg Co. of \$230.90 was accepted for the South High school and that of the G. E. Blum Co. of \$119.75 for the Jefferson school.

**Delphos Society**

Mrs. Mimir C. Stevick, Sixth-st., will be hostess to the members of the Fastime Yacht club, Wednesday evening. This will be their regular meeting, and several entertaining features have been arranged.

Members of the Archer family will meet at their family reunion to be held August 17th at the Walbridge park in Toledo. This is the 13th annual event of its kind.

On Thursday afternoon, Mrs. C. F. Miller will entertain the members of the Sticha-woe club at her home on East Seventh-st.

## IN LIMA THEATRES

### THEATRE DIRECTORY

**LYRIC**—“Borrowed Husbands” with Florence Vidor.

**ORPHEUM**—“13 Soap,” musical comedy company.

**SIGMA**—“For Sale” with Claire Windsor.

**QUILNA**—“The Enemy Sex” with Betty Compson.

**MAJESTIC**—“In Search of a Thrill” with Viola Dana.

**RIALTO**—“Ten Nights in a Barroom.”

### At the Orpheum

“The Love Doctor” will supplant “13 Soap” as the Halton Powell production at the New Orpheum theatre for the latter half of the week, it was announced Wednesday. The latter play will be presented for the final times Wednesday. “The Love Doctor” opening Thursday matinee.

In “The Love Doctor” Powell has one of the most successful productions of any company now playing the tabloid musical comedy field. It was his standby a number of years ago when he was getting his start in the theatrical business and at a time when other companies were playing to empty seats he was garnering in a big business. His profits that year are estimated as \$75,000 from this production, it is said.

Another feature that will make this production of special interest here is the fact that Earl Young and Billy Wyse, present stars of the company, were also the stars of “The Love Doctor” when it made its first run. Other principals and the chorus are to be seen in good parts, it is said. The play is in three scenes.

The first bargain matinee for women will be held Friday with two women admitted on one ticket.

### At The Quilna

In the “Side Show of Life” one will see the transformation of a clown in a French circus into a hero during the world war. In the story, which is the film picturization of “The Mountebank” by William Locke, the hero is regenerated thru trials and tribulations and enabled to take his rightful place in the world.

It is the old adage in modern form, “You Don't Know What You Can Do Until You Try.” Ernest Torrence is the star and takes the part of Andrew Lackaday. He is supported by Anna Q. Nilsson, Louise Lagrange, Maurice Cannon, Katherine Lee, Neil Hamilton and Effie Shannon.

Lackaday is a traveling juggler and clown. During the world war he makes good and is rapidly advanced to the post of Brigadier General and wins the Legion of Honor. After the war he falls in love with an English woman of culture but his past life keeps him from declaring his love. He returns to his circus job and his woman partner. Final happiness for all is assured, however, in a most plausible and pleasing manner.

“The Enemy Sex” with Betty Compson will be seen at the Quilna for the final times Wednesday.

### At the Sigma

For the last four days of the week the Sigma theatre will present a double bill, “Pal O' Mine” with Irene Rich and “Gold Madness” with Guy Bates Post are the two full length features to be billed.

In “Pal O' Mine” Julia Montfort goes on the stage to aid the finances of the family. Jealousy and the feeling on the part of the husband that he is no longer able to be the provider form the basis of a very interesting story. Josef Swickard, Willard Louis and Pauline Garon are also seen in the play.

“Gold Madness” relates the story of a man cheated out of a gold mine that rightfully belongs to him and the measures he takes in obtaining revenge. Guy Bates Post gives a very finished enactment of the leading character. It is said, and the picture is reported very pleasing.

“For Sale” with Robert Ellis and Claire Windsor will be seen for the final times Wednesday.

# The NERVOUS WRECK

by E. J. Rath  
©1924 by NEA Service Inc.

## BEGIN HERE TODAY

The Nervous Wreck, an eccentric, is driving Sally Morgan from her father's ranch to the city. The wreck is a man of about 40 years of age, with a large, round face, a prominent nose, and a wide, toothy grin. He is wearing a dark suit and a white shirt with a bow tie. He is standing in a field, looking towards the camera. The background shows a simple wooden fence and some trees.

## NOW GO ON WITH THE STORY

"I don't see why you can't have Harry call in the men and start them out on the road," observed the youth.

"They've got work to do here," growled his father, as he spread a napkin. "And it's not their job, anyhow. It's a sheriff's job."

The wreck, who was leaning over the serving table, never stirred a drop. He merely preened the task, as he listened.

"It seems to me he ought to have some deputy who could get hold of," suggested Harriet Underwood.

"I don't want his deputy. I don't do business with deputies. I want the man in charge. Lord knows, I pay enough taxes in this county to get a sheriff's deputy. He must be a fine fellow to let a state of affairs like this go on."

"Well, I guess you could get another one elected, if you wanted to," remarked the young man with an effort at lightness.

"Don't be an ass, Chester. What I want now is a sheriff's deputy to run the ranch. I'm not running next year's election."

The wreck, having ladled soup into three plates, picked one of them up and turned toward the table. This was the crisis, and there was no longer any use in trying to postpone it. He laid the plate in front of Miss Underwood, and then, for the first time since he had entered the room, he seemed to attract family attention.

The girl gave him a casual look and picked up her napkin. Chester's examination was equally casual. Servants were a matter of no great interest, either to him or to his sister. But the scrutiny of Jerome Underwood was more prolonged. The wreck, blushing somewhat, wished that he had his glasses. He wanted to read the man's expression more accurately.

He had fetched a second plate of soup and laid it before the ranch owner before a word was addressed to him.

"You didn't work her last summer," announced Underwood.

"No, sir."

"It was a bitter wrench, but the wreck kept his voice low and respectful.

"What's your name?"

"William."

"Where are you from?"

"Pittsburg, sir."

"Just working here for the summer."

"Yes, sir."

Underwood nodded and picked up his spoon. The wreck moved toward the serving table and at another plate of soup. He felt as tho he were treading on air. He did not believe he was going to mind waiting on the hog, after it was so much satisfaction to him.

He had the head of the ranch at his elbow with purposeful speed. He pushed back the plate and began drumming on the table with the ends of his stick fingers.

"It's a fine telephone service," he said, "but I don't like it. I suppose that girl hasn't bothered her head about it since."

But of course it may take time to locate him, father, said Miss Underwood.

"I don't want to know what's a riff-raff. He's supposed to be a man. I know anything about his business. Here's a bunch of highway robbers running round the country, and I dare say I never heard about it. And they talk about improving the roads for tourists!"

Underwood's voice died off in a low growl and he continued to drum with his fingers.

"Well, I wanted to take a shot at him one in the road and you didn't let me," complained Chester.

"That would have been a fine idea. I wouldn't it," observed father. "He'd have shot you right in the finger. You never had a chance after you got out of the car. If you wanted to take a shot at him, why didn't you do it before you climbed out?"

"It was just a bit unexpected," father. "We didn't think—"

Underwood silenced his son with a nod.

"If you didn't think we didn't think that the country was a lawless wild, with a lot of desperadoes doing as they damn please, but we found out differently, didn't we? You shoot at him. Why there were three more of them up by his car. I saw them."

He said he didn't see any of them," said Miss Underwood. "There was a bird ass. What you expect of chauffeurs who cared so little that they forgot to work a tire pump? I saw three men, lined up at the side of the road, with guns. It hadn't been for them I'd have had the other one."

The wreck collected the soup plates and piled them carefully. You could have jumped on him while he was trying to get his car started," observed Miss Underwood, with a nod.

Her father mumbled something at did not appear to be a reply.

"I was feeling jubilant," would not have missed waiting tables for the world. Now he has been deeply he had given to the pride of Jerome Underwood.

wood; for even in the intimacy of the family circle, Underwood had not confessed his humiliation at the crack of the silver. He had been hidden from the family sight as he toiled, and now, he was hiding the story. Too bad, thought the wreck, that he had not married the whole family up where they could see.

He carried the soup-plates back to the kitchen, where he found Sally standing in the middle of the floor, her hands clasped and an anxious look on her face.

"Is it all right?" she whispered.

"Sure it is," he said.

The grin on his face meant more than his words. Sally breathed deeply and exhaled a long sigh.

"I was getting anxious," she said. "You were gone so terribly long. Didn't they ask you a lot of questions, or anything?"

"They were too busy telling each other how they were held up by four men," he observed.

"Four?"

"Yes—the lars. Four desperadoes, Underwood says. Me—the wreck peered down at his white jacket and apron and smiled wryly. "Me—I'm four desperadoes."

Sally did not join in the smile. She was ready to admit that he

"TELL YOUR WIFE THAT SHE'S A GOOD COOK."

was one desperado, at the very least.

"Tell me everything they said, Henry."

"I've got to go back. Give me the next tray full. I'll tell you about it afterward. I'm getting some information now."

Sally hurried with the tray and the wreck went back to the dining room. Underwood was still drumming on the table. He glanced at the tray as it passed him, ceased drumming and riveted his eye on the omelette. Even a dyspeptic, which the boss of the ranch was not, would have viewed it with attention. The wreck was actually proud to carry it, for not only was it an object of beauty in itself, but Sally had found things to garnish it with, so that it was art in a frame.

Two minutes later Underwood looked up from his plate and fixed his glance on the wreck.

"Say, who made this omelette?" he demanded.

"The cook, sir."

"Biscuits, too?"

"Yes, sir."

"And the coffee?"

"Yes, sir."

The large man helped himself to another mouthful and lingered over it.

"Not the same cook who was here last summer," he announced.

"No, sir."

"Who is he?"

"It's a lady, sir—my wife."

The Underwood family sighed comfortably in unison.

"At last, father, we've got somebody who can cook," said Harriet. "Remember how awful it was last summer?"

The boss of the ranch nodded and reached for the omelette platter.

"Tell your wife that she's a good cook," he said. "Tell her to keep it up. Tell her to have fried chicken tonight, and browned potatoes, and beans, and corn, if she's got any—and more biscuits. Understood? More biscuits. Coffee, too. And I want her to make some pie. If she hasn't got stuff to make a pie out of, we'll send for it. And tell her to cook a lot of everything!"

Harriet Underwood frowned and glanced at her brother.

"Remember, father, the doctor said—"

"The doctor's in New York," interrupted Underwood. "What he doesn't know will never get into his bill. Don't forget, Williams—whatever you said your name was—have your wife keep right on cooking!"

The wreck passed the biscuits again, acknowledged the command with a nod. He was hungry himself and he hoped

## TODAY'S PATTERN

A STYLISH DRESS WITH SLENDERING LINES

4808. Here is a very attractive straight line dress, with additional width supplied by "coders" or inserts at the front seams of a wide panel. The back is also in panel effect. Kasha is here combined with figured silk. One could have serge or alpaca with a trimming of brand.

The Pattern is cut in 7 Sizes: 36, 38, 40, 42, 44, 46 and 48 inches bust measure. The width of the dress at the foot is 17-8 yards. A 38 inch size will require 4 yards of 40 inch material. For vest, inserts and sleeve facings of contrasting material 5-8 yard is required.

there would be something left of the omelette, altho he could see that the chances were against him. He did not need to be told that Sally Morgan could cook; he knew it before they did, back at the Bar-M, where Sally often shooped her mother out of the kitchen and ran things to suit herself.

"People can eat more out in this country," observed Underwood, apparently talking to himself. "It's the dry air and the altitude. Back in New York—"

There was an uncertain tinkle of the telephone bell in the next room. He lumbered hastily out of his chair in answer to it.

# THE TANGLE

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM RUTH ELLINGTON TO LESLIE FRESCOTT

Dearest Leslie, It just seems to me that I'm a pig when I realize how happy I am and think for a moment in what trouble and sadness you must be. You have one little ray of comfort, for I saw by the papers yesterday that Mr. Hamilton had come thru his operation successfully, and seemed to be getting along very well.

Now, of course, another complication confronts you. The item that I saw about your father was sent out by the Associated Press, and it will probably be in Jack's home paper as well as here in New York. In a week or two at most, people will be wondering why you do not come home, and I'll bet the women are already wondering why Jack does not go to you.

Dear, why don't you try to get something out of Alice—little jealous viper! Isn't there some way that you can make her confess to the letter, then send for both Karl and Jack and have it out?

Just at present I feel that your happiness and Jack's—for, my dear, whatever you may feel, I am quite sure that your husband loves you very much—is more to be considered than Alice's and Karl's. Alice does not deserve any consideration, and poor Karl is so romantic that this will give him an added thrill.

Leslie, I never knew that anyone could be as sweet as Walter Burke is to me. Yet, after all I've gone thru and all I have known of my friend's affairs, I am almost afraid to marry him. I told him

this the other day, and he said I did not love him. I wish we could remain just as we are at present. Am I selfish in wishing this? As a lover he is perfect, and I am afraid that as a husband he might be a disappointment.

I told him the other day that I could not marry him just now because I couldn't get out of the shop immediately, and he said, "Oh, give the shop to Leslie. She deserves something for the way she stood by you. You know you didn't have one solitary cent—it was all her money. No one else would have believed in you or helped you but me, and you

wouldn't let me do it. Consequently I don't think the shop really is yours. It belongs to Leslie."

Then, dear, I had to tell that Jack doesn't know you own any share in the shop. You ought to have heard him whistle. Finally he said:

"It looks to me, my dear, as if a very good business proposition was going to be scrapped in the near future. Why don't you buy Leslie out. Ruth, I'd be perfectly willing to pay a good price for it. Then you can put it on a co-operative basis and make a good thing for the welfare of all

those people that you have newly ing and working for you now."

"But someone will have to run it, Walter," I said.

"Either you or Leslie could run it under those conditions. It's no disgrace for a man to let his wife work her head off in welfare work, but it is disgraceful for an able-bodied man to have a woman work to earn money for herself. If a man can't support his wife, he's no business to marry her."

## WHY GROW FAT?

Druggist Tells of Easy Pleasant Way to Keep Trim Attractive Figure Even at Middle Age.

Thousands of women who have had a trim, stylish figure all their lives, begin to take on weight in early middle life. And because they have heard of "Fat and Forty"—and because foolish starvation diets, ridiculous exercises and certain medicines only seem to make their condition worse, they give up all hope and say, "Oh, well, I rather be fat, anyway."

Fat that shows—fat that comes and stays is not only cumbersome, but may prove dangerous, a decided disadvantage to your necessary activity and pleasure. So why stay that way?

No special exercises or diets! No dangerous or scorching medicines! Just a cooling, sparkling, appetizing, pleasant to take—but quickly and noticeably effective.

Enterprise Drug Store or any good druggist can supply you with a large bottle of Wendell's Salts, Ambition Brand, for 60 cents and will return your money on the first bottle purchased if you are not more than satisfied. adv

## A Message to Particular Women of Lima

If you will get from your druggist a six ounce bottle of Kojene which costs but 60 cents at Green's Public Drug Store, Hunters Drug Stores and progressive druggists everywhere, you will learn some very important truths about feminine hygiene that will prove a revelation to you.

Kojene is not poisonous—you can drink it with safety, yet as an antiseptic it is four times as powerful as Carbolic Acid and much more powerful than bleach of mercury, both of which are a menace to any home and should be banished from it.

Money back if you don't say Kojene is the most wonderful antiseptic in the world. adv

## Lemon Juice Whitens Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart of the most wonderful skin whitener, softer and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate! Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion, also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared. Adv

# TELEPHONE FACTS

Few patrons of The Lima Telephone & Telegraph Company realize, probably, that to furnish the unsurpassed service this company is rendering requires an investment of capital of \$143 for each of the nearly 13,000 telephones in Lima. Nevertheless this is true. And on this investment those who have made possible this great Lima institution are receiving a return of only 2 1/2 per cent.

To keep pace with the progress of Lima your telephone company has been constantly expanding. This expansion has been paid for by invested capital, not from operating revenue.

In 1919, \$111,451.29 was expended on plant additions. In 1920, \$214,444.18 was spent for this purpose, and for 1921, 1922 and 1923 the following amounts were spent, respectively: \$325,462.72, \$139,002.01 and \$230,125.63, making a total of \$1,020,485.83 invested to keep the system abreast of the times.

In this same five year period taxes went soaring. In 1919 we paid taxes amounting to \$24,248.55. In 1920, our taxes were \$25,600.43, in 1921 they were \$34,492.79, in 1922, \$42,313.70 and in 1923, \$44,164.00, making a total paid in taxes for the five years of \$170,819.47.

Our employees have increased in number from 135 in 1919 to 190 in 1924.

Our rates were last adjusted in 1921, hence a comparison between the full year, 1922, and 1924 is the latest and fairest for revenue and expenses.

In 1922 our total revenue was \$367,109.92 and in 1924 total revenue was \$407,567.73, an increase of \$40,457.81 or 11 per cent.

In 1922 our total expenses were \$235,442.30, while in 1924 expenses totaled \$289,586.36, an increase of 23 per cent.

Thus, it will be seen, that while revenue went up in the two year period, expenses mounted to more than twice as much. This accounts for the fact that in 1922 our net income was \$92,045.40 and in 1924 it will be only \$79,525.83, a decrease of 14 per cent, altho \$369,127.64 was put into the business as an investment in that time.

These are facts that show clearly that present telephone rates in Lima do not net a return sufficient to attract capital needed for expansion. Our program for 1925 calls for approximately \$250,000 to keep the service abreast of the city's growth. This can come only from invested money which we must draw to us.

The new rates to become effective September 1, 1924, making a slight increase in telephone service, will make possible future expansion by interested capital. The new rates will return only 7.15 per cent on the depreciated value of the property used and useful in the service of the public, nearly 1 per cent less than the return set up as fair by the Ohio Public Utilities Commission.

# RAIL STOCKS ON UPGRADE

Profit-taking Brings About Drop in Industrials

MARKET IS IRREGULAR

Pan-American Issue Among Strong Groups

NEW YORK—(By Associated Press)—Stock prices displayed a firm tone at the opening of today's market, which was featured by a renewed demand for the railroad shares. New York Central advanced one point to a new 1924 top at 109 1/2 and Nickel Plate touched a new peak at 115 1/2, up 1/2. Baldwin advanced a point, but U. S. Steel common yielded fractionally.

The main price movement continued upward throughout the early dealings, although the gains, as a rule, were small. Coppers were again in good demand, Ohio and Kennecott bettering their previous high prices and most of the other high prices and most of the others improving fractionally. Texas and Pacific and Colorado and Southern first preferred were added to the list of new highs in the railroad group. St. Louis Southwestern preferred and General American Tank climbed about a point each. Stewart-Warner and Atlantic Coast Line were heavy. Foreign exchanges opened steady.

Profit-taking sales forced recessions of 1 to 2 points in Union Pacific, Southern Pacific, Chesapeake and Ohio preferred, General Electric, Western Union and American Water Works, but when these had been absorbed the market started to move upward again around noon, and the leadership of the leaders and the low-priced rails. Central Leather preferred, Frisco preferred and American Product and Leather preferred, advanced 2 1/2 to 3 points. Good buying also was noted in General Asphalt, Famous Players, American Can and Baldwin, the last named touching 121. Call money again renewed at 2 per cent.

Revel of speculative activity in the low-priced rails and steady accumulation of the Pan-American issues featured today's irregular stock market. Many industrialists continued to yield to profit-taking and bear selling based on the belief that their recent rapid advance had been overdone. Sales approximated 950,000 shares.

The closing was irregular.

# Watching The Markets

Motor truck sales have been better in proportion than sales of passenger cars, a survey of the industry shows. Earnings of the leading truck companies has been better also due largely to the fact that inflation has been limited and the factories are operating with the most economies.

American Locomotive earned \$4.02 on each share of common stock during the first six months of the year, their report reveals. Earnings were \$28,855,332 during the period as compared with \$14,952,655 in the previous six months period.

A new well has been brought in by Transcontinental Oil and Sinclair in the Cromwell pool. It is making 2,700 barrels a day.

Steel operations continue to improve at the rate seen recently and leaders in the industry are hoping that further expansion will be seen in the coming weeks.

Special meeting of Pere Marquette stockholders to vote on the proposed merger with the Nickel Plate has not yet been called although notices are expected to be sent out within the next few days.

Exports of rubber goods from the United States during last fiscal year were valued at \$35,542,822 as compared with \$37,962,842 during the previous year. Declining prices aided in making the total exports look smaller.

Stronger tone in the zinc market is seen following increased activity in certain lines of industry.

Pullman Co. earned more than \$12 a share last year, advance reports show.

Spring woolen sales are to be opened next Friday by the American Woolen Co.

Standard Tank Car Co. has received an order for 200 tank cars from the Quaker Tank Line Co. More than 2,000 tons of steel will be needed in filling this and other orders.

Marland Oil income for six months was \$3,662,448 or at the rate of \$2.37 a share after deduction.

NEW YORK—Foreign exchange rates. Quotations in cents: Great Britain demand 433 7/8, cables 434 1/2, 60 day bill on banks 431 1/2, 30 day bill on banks 431 1/2, Italy demand 451, cables 451 1/2, Belgium demand 517, cables 517 1/2, Germany demand per trillion 22 7/8, Holland demand 24 1/2, Denmark 24 1/2, Sweden 24 1/2, Spain 13 1/2, Greece 1 1/2, Poland 1 1/2, Czechoslovakia 2 1/2, Yugoslavia 1 1/2, Rumania 1 1/2, Argentina 1 1/2, Brazil 10 1/2, Tokyo 1 1/2, Montreal 37 1/2.

## A "RED TAG" SALE OF RENEWED CARS

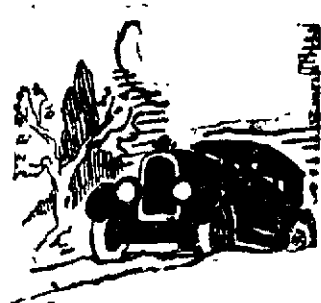

Honestly, folks, if you've ever thought you would like to own an automobile you will be cheating yourself and family if you don't come down here and give this lineup of renewed cars the once over. The car you want is here and we'll make the terms to suit your very own convenience. Our sales on new Big Six, Light Six and Special Six Studebakers have been keeping us on our toes and now with the demand of the New Models right on us, we'll have to take "Time Out" and clear our floors of these cars. We have a carload of New Model Studebakers in Transit, and expect them any day. Please tell us what else can we do? We are doing the only possible way we know to meet this emergency--putting the rock bottom prices on our whole stock of Used Cars and leaving the rest to the many who want good, serviceable cars and are willing to take advantage of real bargains when they see them. Listen, don't put it off. The old adage of the early bird still holds good, so hustle right in and pick out the one you want, drive it, pay the small down payment and it is yours to drive home--just as you've wished for--a car of your own.

### Your License Without Cost To YOU

During this six-day sale of Used Cars we are making this offer to every purchaser of a used car.

Pick out the car you want, pay the small down payment and we will give you our check for the full amount of your license fee for the balance of the year. No matter the size of the car, your license will not cost you a red cent.

This offer hold good only during this six-day sale without the first pay-

### Why Should You Envy Your Neighbor Across the Street?

There really is no reason to.

Perhaps this very evening you are watching him and his happy family as they whisk away in their car to enjoy the beautiful summer evening.

A used car is no always a worn out car. Many folks have secured many months and miles of un-ending pleasure out of a good, renewed car bought from a reputable dealer.

Thousands of used cars are serving just such folks as yours, every day in the year. In fact, soon as a new car is driven away from the salesroom it is in the used car class.

Don't deny yourself and your family the pleasures that are rightfully coming to them. We have many good cars that you would be proud to own. **Everybody Worked But Father**  
 "Father's stomach troubles had to be getting worse all the time and finally he had to quit work altogether. Two brothers and I gave up school and went to work to support the family. Father had lost twenty pounds in weight and was as weak as a catfish and no medicine helped. Telling a friend about it six months ago, the friend advised taking 'Mr. Wonderful' Remedy. I got a bottle and it helped father at once. He was able to go back to work a month later. He regained his weight and strength and said like a wood chopper." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

—because, in the days before streets had curbs, the gentleman kept next to the traffic in order to shield his lady from danger and mud. Nowadays
